

# Trusted Solutions For Compressed Air Treatment

## Refrigerated Dryers 10-19,200 scfm

- **HeatSink™ Cycling** - energy-saving operation
- **NC Series™ Non-Cycling** - reliable, economical air drying
- **MultiPlex™** - large capacity; redundant operating systems
- **High Pressure & Stainless Steel** - for special applications
- **Hi-Temp** - high temperature air treatment

## Desiccant Dryers 20-8,000 scfm

- **Eclipse™ Heatless Regeneration** - for applications with critical drying requirements
- **Eclipse™ Heated & Heated Blower Regeneration** - compressed air-saving designs for moisture-sensitive applications
- **Eclipse™ Heat-Of-Compression** - lowest cost compressed air treatment
- **Hydronix™ Heatless Regeneration** - low volume and point-of-use air drying

## Alternate Cooling Source Dryers

- **CDA Alternate Cooling Source** - make use of customer-provided cooling energy for economical compressed air treatment

## Filtration 22-31,000 scfm

- **ZFC™ Filters** - trap particles, coalesce liquids, remove aerosols/vapors
- **ZFF™ Flanged Filters** - high volume filtration
- **Mist Eliminators** - very long element life, high efficiency filtration
- **Replacement Elements** - meet or exceed OEM specifications

## Air System Controllers & Condensate Management

- **XpandAir™ Flow Controllers** - precision regulation of pressure and flow
- **Condensate Drains** - all types to meet different application needs
- **OSB™ Oil/Water Separators** - effective for all lubricant types

# ***ZEKS Compressed Air Solutions... Meeting The Challenges of Compressed Air Users With Innovative Compressed Air Solutions***

ZEKS is a leading manufacturer of compressed air treatment equipment and pioneer of the cycling refrigerated dryer that minimizes energy consumption. The reliability and operating efficiency of our equipment has been proven in a long history of performance that meets or exceeds today's standards of excellence. Our network of authorized Distributors is committed to providing the best solution for every compressed air treatment application.

## ***ZEKS Delivers These Advantages:***

- A Complete Line Of Air Treatment Solutions
- Models For Energy Savings
- Compatibility With All Air Compressor Brands
- Products Designed For Long, Reliable Service
- Trained And Authorized Distributors Located Throughout North America
- Digital Dryer Controls
- Corrosion-Resistant Stainless Steel CFX® Heat Exchangers
- Environmentally-Friendly Refrigerants
